PROFESSIONAL
EARWAX
REMOVAL

EARWORX

Are you prone to wax impaction?

Do you wear hearing aids?

Do you have narrow/bendy/hairy ear canals?

Do you use cotton buds or other objects in your ears? Are you about to have a hearing test?

YOU MAY NEED WAX REMOVED FROM YOUR EARS

Symptoms associated with wax impaction include:

- Hearing loss
- Tinnitus
- Feeling of fullness
- Itching
- Pain
- Discharge
- Odour
- Cough

Earworx provides a safe and effective professional micro-suction earwax removal service. This is the same gentle, effective and dry technique used by ENT specialists across Australia.

No referral necessary.
